ABOUT PAGE

ABOUT THE OFFICE

Building the institutional *infrastructure* of cross-border trade.

Sangeet Sejpal serves as Hon. Trade Commissioner (Mauritius-India) under the Indian African Trade Council (IATC). The office operates as a strategic platform for trade ecosystems, economic diplomacy and cross-border opportunity development between India, Mauritius, Africa and emerging global markets.

PRACTICE

Strategy, diplomacy and ecosystem architecture.

The office combines institutional credibility with operational fluency — moving between councils, governments, financial centres and enterprise to translate bilateral intent into durable, repeatable trade outcomes.

Work spans Mauritius-India connectivity, India-Africa corridor development, market entry ecosystems and the convening of delegations, forums and strategic missions.

The throughline is ecosystem thinking — designing relationships, structures and pathways that compound across institutions, geographies and decades.
